The Cyprus Institute of Marketing (CIM)

The Cyprus Institute of Marketing has been operating in Nicosia since 1978 and in Limassol since 1984. Originally set up to promote the science of Marketing in Cyprus and abroad, during the last 43 years CIM has evolved into an all-round Business School, offering an array of programmes - from Marketing and Management to Finance & Accounting, Shipping, and Human Resource Management and Corporate Strategy.

Over the years, CIM has provided the opportunity to more than 10,000 students to acquire world-class qualifications and fulfil their aspirations. The majority of these are individuals who had missed out, for one reason or another, on the opportunity to study after graduating from secondary school, yet who always had the desire to pursue learning, gain further knowledge and qualifications, and advance their careers.

Though CIM now serves students from all ages and all walks of life, it still offers exclusively evening classes - in order to cater for the needs of working individuals. And it still puts its emphasis on combining theory and practice.

We are proud to be Cyprus's finest Business School. And we are proud to offer the best education at the most affordable fees.

Course overview

The aims of this programme are to increase and refine the management and marketing skills of the students, most of who will already be in management posts. Superior management is the product of certain attitudes, knowledge, and skills that combine in unique individuals who contribute to an organisation's survival, growth, financial returns and continuous adaptation to changing circumstances. The course is precisely concerned with identifying and helping produce such attitudes. Our Lecturers are inspiring and continuously alert to changes in the business world. As firms in Cyprus and abroad face the challenges of the 21st century, there continues to be a need for increased numbers of managers and executives who have a holistic view of how successful organisations are structured and managed.

Coursework

As you would expect, throughout your course there will be a healthy amount of coursework for you to complete and exams, group work and presentations so that we, and you, can see just how far you are progressing. And don't forget, we are always available to give you a hand should you need one.

- / Discussion and reflection encourage inquiry, application and analysis, and help you take control of your own learning and experiment with the academic knowledge you have gained.
- / Seminar support is available through group and individual tutorials by arranged appointment.
- / Blackboard, the University's online learning platform, supports the more traditional teaching methods to provide a 'blended' learning environment.
